Subject: Updates from the EPA-Tribal Partnership Groups for the R5TOC Meeting
R5TOC Meeting Agenda - Draft

Hi All,

We are preparing for the April 2017 R5TOC meeting and would like to include brief updates on the activities of the following EPA-Tribal partnership groups:

- Tribal Science Council
- National Tribal Air Association
- National Tribal Water Council
- Tribal Waste and Response Assistance Program

Currently there is time reserved on the agenda for presenting the updates. Please see the attached draft meeting agenda. In addition, we would like to include a written version of each update in the meeting packet. Please submit any information you would like to include in the packet to Ella Mulford by March 17, 2017. If you don't have any updates please let Ella know as well.

Thank you for your help,

Jenny
